

INDEX OF AUTHORS TO VOLUME 73

- Abioye, A. A.**, Needle biopsy of the pleura in Nigeria, 282
- Ahlstedt, S.**, Histological findings and immune response to nitrofurantoin in drug intolerance pneumonitis, 420
- Ahmad, Dildar**, Rifampicin-quinidine interaction, 409
- Ahuja, Suraj**, Rifampicin-quinidine interaction, 409
- Alanko, K.**, HLA-B18 antigens and protection from pulmonary fibrosis in asbestos workers, 253
- Al-Khader, A.**, Two aminophylline preparations in nocturnal asthma, 169
- Al-Zaibak, M.**, Persistent asthma after treatment with beta-blocking drugs, 407
- Anderson, G.**, Fenoterol in asthma, 81
- Anderson, G.**, A comparison of ampicillin and amoxycillin in acute on chronic bronchitis, 206
- Anderson, E. G.**, Persistent asthma after treatment with beta-blocking drugs, 407
- Angel, J. H.**, BTA study of short-course chemotherapy in pulmonary tuberculosis, 412
- Arnold, Andrew M.**, Small-cell lung cancer: a curable disease?, 327
- Aytac, Aydin**, Surgical repair of tracheo-bronchial compression by tuberculous lymph nodes, 305
- Backman, Gunhild**, Chronic bronchitis in sulphite pulp factory workers with heterozygous α_1 -antitrypsin deficiency, 426
- Baillie, Eivor**, A comparison of oral theophylline and beclomethasone in severe perennial asthma in children, 149
- Baldock, N.**, Sleep apnoea in Scheie's syndrome, 419
- Barnes, Peter**, Tuberculosis of the thyroid: two case reports, 187
- Bartlett, C. M. R.**, Legionnaire's disease: epidemiology, 203
- Belcher, J. R.**, Late deaths after resection for bronchial carcinoma, 18
- Bell, R.**, Chronic pleurisy in systemic lupus erythematosus treated with pleurectomy, 314
- Billing, B.**, Theophylline and terbutaline in asthma, 423
- Bleehen, N. M.**, Radiotherapy alone or with chemotherapy for small-cell carcinoma of the lung: report of the MRC Lung Cancer Working Party 417
- Blom-Bülow, B.**, Cardiopulmonary function in patients with scleroderma, 418
- Boman, Gunnar**, Nitrofurantoin-induced lung disease in Sweden, 419
- Boobis, S. W.**, Theophylline in asthma: what dose? what plasma level? what use?, 200
- Bone, Ian**, Papilloedema and optic atrophy in chronic hypercapnia, 399
- Bradbury, S.**, Sleep apnoea in Scheie's syndrome, 419
- Brash, H. M.**, Transient hypoxaemia during sleep in patients with chronic bronchitis and emphysema, 421
- Brennan, S. R.**, Large pleural effusions in rheumatoid arthritis, 133
- Brezinova, V.**, Transient hypoxaemia during sleep in patients with chronic bronchitis and emphysema, 421
- British Thoracic Association**, A trial of house dust mite extract in bronchial asthma, 260
- British Thoracic Association**, Inhaled beclomethasone dipropionate in allergic pulmonary aspergillosis, 349
- British Thoracic Association and MRC Pneumoconiosis Unit**, A survey of the long-term effects of talc and kaolin pleurodesis, 285
- Brompton Hospital/MRC**, Double-blind trial comparing two dosage schedules of beclomethasone dipropionate aerosol with a placebo in chronic bronchial asthma, 121
- Calcraft, B.**, Persistent asthma after treatment with beta-blocking drugs, 407
- Calverley, P.**, Variable patterns of blood gas response to controlled oxygen therapy in acute exacerbations of chronic bronchitis and emphysema, 422
- Calverley, P. M. A.**, Transient hypoxaemia during sleep in patients with chronic bronchitis and emphysema, 421
- Campbell, E. J. M.**, Interpretation of blood gas analysis by physicians in a community teaching hospital, 237
- Carruthers, George**, Rifampicin-quinidine interaction, 409
- Carter, J. R.**, Angiotensin-converting enzyme in sarcoidosis: a British study, 382
- Catterall, J. R.**, Transient hypoxaemia

- during sleep in patients with chronic bronchitis and emphysema, 421
- Cayton, R. M.**, Triamcinolone in corticosteroid-resistant asthma, 39
- Charles, T. J.**, Pulmonary telangiectasia, 309
- Chatterjee, S. S.**, Inhaled steroid aerosols and candidiasis, 164
- Citron, K. M.**, The treatment of sarcoidosis by levamisole, 367
- Citron, K. M.**, Survey of staffing in thoracic medicine 1979, 422
- Clark, T. J. H.**, Thoracic involvement and pulmonary infection in Hodgkin's disease, 418
- Clarke, C. W.**, In vivo and in vitro reactions to antigens of *Haemophilus influenzae* in bronchial obstruction, 373
- Clarke, S. W.**, An analysis of the first 300 fibreoptic bronchoscopies at the Brompton Hospital, 113
- Cole, P. J.**, The treatment of sarcoidosis by levamisole, 367
- Cole, R. B.**, Two aminophylline preparations in nocturnal asthma, 169
- Collins, J. V.**, Assessment of the effect of naturally acquired respiratory infection on cough flow-volume curves in normal healthy volunteers, 421
- Connellan, S. J.**, Hydatid disease presenting as tension pneumothorax, 405
- Connolly, C. K.**, Diurnal rhythms in airway obstruction, 357
- Cooke, N. J.**, Observations on the management of acute bronchial asthma, 157
- Cooke, N. J.**, Multiple pleural biopsies using the Abrams' pleural biopsy punch, 417
- Cooke, N. T.**, Multiple pleural biopsies using the Abrams' pleural biopsy punch, 417
- Cooper, R. A.**, Sleep apnoea in Scheie's syndrome, 419
- Coutts, I. I.**, Tuberculosis in renal transplant recipients, 141
- Cowen, P. N.**, Multiple pleural biopsies using the Abrams' pleural biopsy punch, 417
- Crompton, G. K.**, Observations on the management of acute bronchial asthma, 157
- Dahlqvist, R.**, Theophylline and terbutaline in asthma, 423
- Daly, J. J.**, Large pleural effusions in rheumatoid arthritis, 133
- Davies, A. B.**, Pulmonary telangiectasia, 309
- Davies, N. J. H.**, Methods of studying lobar and segmental function of the lung in man, 97
- Davies, N. J. H.**, Studies of regional lung function during fibreoptic bronchoscopy, 201
- Davies, P.**, Medical Research Council survey of notifications for tuberculosis in England and Wales, 415
- Denison, D. M.**, Methods of studying lobar and segmental function of the lung in man, 97
- Denison, D. M.**, Studies of regional lung function during fibreoptic bronchoscopy, 201
- Douglas, N. J.**, Transient hypoxaemia during sleep in patients with chronic bronchitis and emphysema, 421
- Douglas, N.**, Variable patterns of blood gas response to controlled oxygen therapy in acute exacerbations of chronic bronchitis and emphysema, 422
- Edmunds, A. T.**, A comparison of oral theophyllinate and beclomethasone in severe perennial asthma in children, 149
- Evans, T. G. J. R.**, The treatment of sarcoidosis by levamisole, 367
- Evans, W. V.**, Aminophylline, salbutamol and combined intravenous infusions in acute asthma, 423
- Farebrother, M. J. B.**, Respiratory function and cardiorespiratory response to exercise in obesity, 211
- Flenley, D. C.**, Transient hypoxaemia during sleep in patients with chronic bronchitis and emphysema, 421
- Flenley, D. C.**, Variable patterns of blood gas response to controlled oxygen therapy in acute exacerbations of chronic bronchitis and emphysema, 422
- Formgren, H.**, Histopathological findings and immune response to nitrofurantoin in drug intolerance pneumonitis, 420
- Francis, S.**, High-dose beclomethasone aerosol for severe asthma, 424
- Garle, M.**, Theophylline and terbutaline in asthma, 423
- Geddes, D. M.**, The natural history of lung cancer: a review based on rates of tumour growth, 1
- Geddes, D. N.**, Computerized tomography in the initial staging of oat (small-cell) carcinoma of the bronchus, 416
- Gibson, G. J.**, Actions of the respiratory muscles, 203
- Girling, D. J.**, Hong Kong Chest Service/Tuberculosis Research Council Madras/British Medical Research Council study of three-month and two-month regimens

- for smear-negative pulmonary tuberculosis: results up to two years, 413
- Glencross, J.**, A comparison of amoxycillin and ampicillin in acute on chronic bronchitis, 206
- Godfrey, S.**, A comparison of oral theophyllinate and beclomethasone in severe perennial asthma in children, 149
- Grant, I. W. B.**, Observations on the management of acute bronchial asthma, 157
- Green, M.**, Hyponatraemia and mesothelioma, 89
- Gregor, A.**, The role of histocompatibility (HLA) antigens in asbestosis, 245
- Groggins, R. C.**, The bronchodilator effects of chlorpheniramine in childhood asthma, 297
- Hanson, L. A.**, Histopathological findings and immune response to nitrofurantoin in drug intolerance pneumonitis, 420
- Harley, H. R. S.**, Malignant pleural effusions and their treatment by talc pleurodesis, 173
- Harper, P. G.**, Computerized tomography in the initial staging of oat (small-cell) carcinoma of the bronchus, 416
- Hartley, J. P. R.**, Long-term comparison of salbutamol powder with salbutamol aerosol in asthmatic out-patients, 271
- Heath, R. B.**, Assessment of the effect of naturally acquired respiratory infection on cough flow-volume curves in normal healthy volunteers, 421
- Heding, L. H.**, Metabolic studies in acute asthma before and after treatment, 66
- Henderson, Ralph**, Rifampicin-quinidine interaction, 409
- Hiller, E. J.**, Continuous and intermittent salbutamol tablet administration in asthmatic children, 277
- Holmberg, Lennart**, Nitrofurantoin-induced lung disease in Sweden, 419
- Holsti, Lars R.**, Prognostic value of doubling time in inoperable lung cancer, 416
- Hörnblad, Yngve**, Transbronchial lung biopsy in sarcoidosis, 417
- Hörnblad, Y.**, Theophylline and terbutaline in asthma, 423
- Horrocks, P.**, Sleep apnoea in Scheie's syndrome, 419
- Houang, M.**, Computerized tomography in the initial staging of oat (small-cell) carcinoma of the bronchus, 416
- Howard, P.**, Triamcinolone in corticosteroid-resistant asthma, 39
- Hunter, A. M.**, The changing patterns of laryngeal tuberculosis, 413
- Hutchison, D. C. S.**, BTA survey of α_1 -antitrypsin deficiency (progress report), 425
- Huuskonen, M. S.**, HLA-B18 antigens and protection from pulmonary fibrosis in asbestos workers, 253
- Jariwalla, A. G.**, Persistent asthma after treatment with beta-blocking drugs, 407
- Jariwalla, G.**, Fenoterol in asthma, 81
- Jariwalla, G.**, A comparison of amoxycillin and ampicillin in acute on chronic bronchitis, 206
- Jegarajah, S.**, Tuberculosis in renal transplant recipients, 141
- Jenkins, P.**, Legionnaires' disease: a clinical description of thirteen cases, 31
- Joffe, B. I.**, Metabolic studies in acute asthma before and after treatment, 66
- Johnson, N. McL.**, Defective yeast opsonization in tuberculosis, 414
- Jones, D. P.**, Assessment of the effect of naturally acquired respiratory infection on cough flow-volume curves in normal healthy volunteers, 421

SUBJECT INDEX

- Abrams' pleural biopsy punch, 417
- Abscess, amoebic liver, thoracic complications of, 302
- Adrenal infarction complicating Wegner's granulomatosis, 178
- β_2 -Adrenostimulants with theophylline in asthma, 423
- Aerosols
 - corticosteroid, and candidiasis, 164
 - high-dose beclomethasone for asthma, 424
 - salbutamol, compared with powder in asthma, 271
- Airway closure, early, mechanical effects of, 421
- Airway obstruction, diurnal rhythms in, 357
- Alpha-adrenergic blockade in severe asthma, 317
- Alpha-1-antitrypsin deficiency, 425
 - chronic bronchitis in sulphite pulp workers with, 426
- Aminophylline
 - and combined intravenous infusion in asthma, 423
 - in nocturnal asthma, 169
- Amoebic liver abscess, thoracic complications of, 302
- Amoxycillin
 - in bronchitis, 412
 - compared with ampicillin in acute on chronic bronchitis, 206
- Ampicillin
 - in bronchitis, 412
 - compared with amoxycillin in acute on chronic bronchitis, 206
- Angiotensin-converting enzyme in sarcoidosis, 382
- Antidiuretic hormone, inappropriate secretion of, demeclocycline for, 200
- Antigens
 - of *Haemophilus influenzae* in bronchial obstruction, 373
 - HLA, *see* HLA antigens
- Apnoea during sleep in Scheie's syndrome, 419
- Arthritis, *see* Rheumatoid arthritis
- Asbestos workers
 - HLA-B18 and protection from pulmonary fibrosis in, 253
 - HLA phenotypes in, 243
- Asbestosis, HLA antigens in, 245
- Aspergillosis, allergic pulmonary, and inhaled beclomethasone dipropionate, 349
- Asthma
 - acute, observations on management of, 157
 - alpha-adrenergic blockade for, 317
 - aminophylline or salbutamol with combined intravenous infusion in, 423
 - in children
 - bronchodilator effects of chlorpheniramine in, 297
 - continuous and intermittent salbutamol in, 277
 - perennial, theophyllinate and beclomethasone compared in, 149
 - chronic, beclomethasone dipropionate in, 121
 - corticosteroid-resistant, triamcinolone in, 31
 - fenoterol in, 81
 - high-dosage beclomethasone aerosol in, 425
 - house-dust mite extract for, 260
 - ketitofen in, 424
 - metabolic studies of, before and after treatment, 66
 - nocturnal, aminophylline in, 169
 - persisting after treatment with beta-blocking drugs, 407
 - pharmacokinetics of theophylline derivatives in, 201
 - salbutamol aerosol and powder compared in, 271
 - theophylline in, 200
 - with β_2 -adrenostimulants, 424
 - and terbutaline, 423
- BCG
 - effectiveness in Great Britain, 414
 - inducing pleurisy in guinea-pigs, 415
- Beclomethasone
 - and allergic pulmonary aspergillosis, 349
 - in asthma, 121
 - compared with theophyllinate for perennial asthma in children, 149
 - high-dosage aerosol for asthma, 424
- Beta₂-adrenostimulants with theophylline in asthma, 423
- Beta-blocking drugs, persistent asthma after, 407
- Beryllium lung disease, unusual course of, 192
- Biopsy
 - accuracy of, in diagnosis of bronchial carcinoma, 205
 - of lung, transbronchial, in sarcoidosis, 417

Biopsy (*continued*)

- pleural
 - multiple, using Abrams' pleural biopsy punch, 417
 - needle, in Nigeria, 282
- Blood gas analysis, interpretation by physicians, 237
- Blood gas response to oxygen therapy in bronchitis and emphysema, 422
- Bowel disease, inflammatory, and lung, 425
- Bronchial asthma, *see* Asthma
- Bronchial carcinoma
 - diagnostic accuracy of cytology and biopsy in, 205
 - late deaths after resection for, 18
- Bronchial obstruction, antigens of *Haemophilus influenzae* in, 373
- Bronchitis
 - acute on chronic, ampicillin and amoxycillin compared in, 206
 - acute exacerbations of, blood gas response to oxygen therapy in, 422
 - ampicillin and amoxycillin in, 412
 - in sulphite pulp workers with alpha-1-antitrypsin deficiency, 426
 - transient hypoxaemia during sleep in, 421
- Bronchodilatation by chlorpheniramine in childhood asthma, 297

Cancer, *see specific tumour or site*

Candidiasis and corticosteroid aerosols, 164

Carcinoid tumours, pulmonary, diagnosis of, 71

Carcinoma, bronchial

- accuracy of cytology and biopsy in diagnosis of, 205
 - late deaths after resection for, 18
- Cardiopulmonary function in scleroderma, 418
- Cardiorespiratory response to exercise in obesity, 211
- Cefuroxime in respiratory infections, 395
- Chemotherapy
 - short-course, for tuberculosis, 412, 413
 - with radiotherapy, for small-cell carcinoma of lung, 417
- Chest deformities, surgical treatment of, 204
- Chest disease, prevention of, 45

Children

asthma

- bronchodilator effects of chlorpheniramine in, 297
 - continuous and intermittent salbutamol in, 277
 - theophyllinate and beclomethasone compared in, 149
 - respiratory illness and lung function in, and maternal smoking, 230
- Chlorpheniramine in childhood asthma, bronchodilator effects of, 297
- Computerized tomography in staging oat-cell carcinoma of bronchus, 416
- Corticosteroid aerosols and candidiasis, 164
- Corticosteroid-resistant asthma, triamcinolone in, 31
- Cough flow-volume curves, effect of natural respiratory infection on, 421
- Cytology, accuracy of, in diagnosis of bronchial carcinoma, 205
- Deaths, late, after resection for bronchial carcinoma, 18
- Deformities of chest, surgical treatment of, 204
- Demeclocycline for syndrome of inappropriate secretion of antidiuretic hormone, 200
- Diagnosis
 - accuracy of cytology and biopsy in bronchial carcinoma, 205
 - pneumoperitoneum, 55
 - of pulmonary carcinoid tumours, 71
- Diurnal rhythms in airway obstruction, 357
- Doubling time of inoperable lung cancer, prognostic value of, 416
- Drug intolerance pneumonitis, histopathology and immune response in, 420
- Edinburgh Kveim suspension, Australian experience with, 416
- Effusions, pleural
 - malignant, talc pleurodesis for, 173
 - in rheumatoid arthritis, 133
- Emphysema
 - blood gas response to oxygen therapy in, 422
 - transient hypoxaemia during sleep in, 421
- Eosinophilic granuloma, haemoptysis in, 181
- Epidemiology of legionnaires' disease, 202
- Exercise, respiratory function and cardiorespiratory response to, in obesity, 211

- Fenoterol in asthma, 81
Fibrosis, pulmonary, HLA-B18 and protection from, in asbestos workers, 253
Forensic aspects of lung disease, 205
- Granular cell tumour, 85
Granuloma
 eosinophilic, haemoptysis in, 181
 plasma-cell of lung, ultrastructure of, 289
Granulomatosis, Wegner's, complicated by
 adrenal infarction, 178
Growth rates of lung cancer, 1
Guinea-pigs, BCG-induced pleurisy in, 415
- Haemophilus influenzae* antigens in bronchial obstruction, 373
Haemoptysis in eosinophilic granuloma, 181
Histocompatibility antigens, *see* HLA antigens
Histopathology of drug intolerance pneumonitis, 420
HLA antigens in asbestosis, 245
HLA-B18 and protection from pulmonary
 fibrosis in asbestos workers, 253
HLA phenotypes in asbestos workers, 243
Hodgkin's disease, thoracic involvement and
 pulmonary infection in, 418
Horace Joules memorial conference, 45
House dust mite extract in asthma, 260
Hydatid disease presenting as tension pneumothorax, 405
Hypercapnia, papilloedema and optic atrophy in, 399
Hypertension, pulmonary, and scoliosis, 204
Hyponatraemia and mesothelioma, 89
Hypoxaemia, transient, during sleep in
 bronchitis and emphysema, 421
- Immotile cilia syndrome, 419
Immune response to nitrofurantoin in drug
 intolerance pneumonitis, 420
Infection, respiratory
 cefuroxime in, 395
 effect of, on cough flow-volume curves, 421
 in Hodgkin's disease, 418
Inflammatory bowel disease and lung, 425
Infusion, intravenous, and aminophylline or
 salbutamol in asthma, 423
- Joules, Horace, memorial conference, 45
- Kaolin pleurodesis, long-term effects of, 285
Ketotifen in asthma, 424
- Kidney transplant recipients, tuberculosis in, 141
